WABDL Survey

*****This is an extremely important survey that will impact the future of WABDL – so PLEASE respond*****

Eleven hundred forty three lifters competed at the USA Power Raw Nationals. WABDL is the only federation that doesn't have Raw. WABDL has been compiling raw records since Worlds 2015. They are not posted and not official yet. The plan is to have a Raw Division starting February 2017. So please answer the survey question. Only about 900 answers were turned in after 3500 surveys were sent out with about 520 saying yes and 380 saying NO to Raw in 2011.

Raw: YES , NO

Many NON WABDL meets are getting huge numbers by having both tested and non tested Divisions. IF we had non tested it would only be Open and Master 40-53. It would be called WABDL Pro Division. It would be for Men only.

Non Tested: – YES , NO

We have had four out of the last 5 World Championships at Bally's/Paris – 2012, 2014, 2015, and 2016. We've had four other worlds in Las Vegas. We have had eight in Reno, Nevada, Three in Portland, Oregon, and one in Anaheim, California. So in 2017, where do YOU the Lifter, want to go for the 2017 Worlds?

Circle TOP TWO Choices
